## Warrant for Annual Meeting

---

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Mont Vernon in the  
County of Hillsboro in said State, qualified  
to vote in Town Affairs:

You are hereby notified to meet at the Town Hall  
in said Mont Vernon, on Tuesday, the thirteenth day of  
March next, at 10 of the clock in the forenoon, to act  
upon the following subjects:

1. To choose all necessary Town Officers for the  
year ensuing.
2. To raise such sums of money as may be necessary  
to defray town charges for the ensuing year, and make  
appropriation for the same.
3. To raise two hundred and fifty dollars for the  
library.
4. To raise one hundred dollars for the park.
5. To see if the town will vote to pay the tuition of  
the scholars going to Stearns School.
6. To vote if the Grange should have the use of the  
town hall the same as last year.
7. To see if the town will vote to accept State Aid.
8. To see if the town will vote to appropriate three  
hundred dollars, the State to contribute seventy-five, to  
combat the White Pine Blister Rust.
9. To see if the town will raise and appropriate five  
hundred dollars for the purchase of snow fence.
10. To see if the town will appropriate five hundred  
dollars for the repair of sidewalks.

11. To see if the town will appropriate three hundred dollars as aid and compensation for the building of the road to the Fox Farm.

Given under our hand and seal, the 14th day of February, in the year of our Lord nineteen hundred and twenty-eight.

ARVID G. ERLANDO,  
W. H. KENDALL,  
W. L. ROBINSON,  
Selectmen of Mont Vernon.

## Daland Memorial Library

---

The librarian of the Daland Memorial Library takes great pleasure in submitting the following report for the past year.

Never since she has held the office, has the library enjoyed so prosperous a year. Our always loyal friends have been most generous with gifts, and many new ones have sent liberal contributions. Besides the personal gifts, from the town, from the Wednesday Club, the Daland fund and the Community Association have come contributions that have enabled the adding of many volumes and at present the library has more new books than ever before at one time.

A fine parcel of books came from Mrs. Leslie Boutwell; and from Mrs. Philip Thayer over fifty books, mostly for children; from Mr. Orrin Hubbard weekly contributions; also many from Mr. J. F. Wellington, Zenas Colt, Mrs. Marble, Mrs. Amy Abbott. The list is a long one and we have been kindly remembered by Mrs. Edward Cheney, Mrs. George Auryansen, Mrs. H. P. Peck, Mr. Cecil Bancroft, Miss Mary Bancroft, Mrs. W. J. Long, Mr. Raymond Sawyer, Miss Dorothy Kinnaid, and children's books from Miss Sarah Wister, Paul Brusquini, Theodore Barry, George Kittredge and Deborah Kittredge. In all 345 new books have been catalogued and put on the shelves, and for a small village we have an unusually up-to-date library, well equipped with biography, history, travel, adventure and much of the newest fiction.

To make room in the stacks it was necessary to remove many of the old books and those past repair, to the number of 85. These are put in a box, to be given to anyone who cares to take them away.

On the reading table will be found Harper's, The

Century, World's Work, Good Housekeeping, The Woman's Home Companion, The Ladies' Home Journal and The Literary Digest. Mrs. Cranshaw sends us Better Homes and Gardens, Mr. Wellington Asia, Mrs. Hartshorn The Outlook, Miss Emma Flint The Country Gentleman, Miss Lelia Smith The Monitor, and we have for the children St. Nicholas and The American Boy. Old files of the magazines are sent to the Nashua hospitals and to shut-ins.

The output of books the past year was 3411. The library, through the Wednesday Club, has sent a box of books to Concord for the rural libraries and one to Boston for the merchant marines—the latter most gratefully appreciated as letters from some of the sailors show.

Unfortunately no town histories have been received, but we still hope some may be added in the future.

Trusting that the year to come may be as prosperous as the past, this report is respectfully submitted by the librarian,

GEORGINNA W. FLINT.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board of Mont Vernon:

I herewith submit my ninth annual report, which is also the ninth in the series of such reports.

### Organization of Supervisory Union No. 40

There has been no change in this Union from last year. By referring to page 48 of last year's report, a full description will be found.

### Teachers and Instruction

Mont Vernon has been rather unfortunate for two or three years past in too frequent changes of teachers. The reason is partly due to the fact that many times experienced teachers have had opportunities to accept positions in larger communities or where their work involves fewer grades. This year, however, our two teachers are both experienced and are both accustomed to the living conditions and school work of a country town. Miss Margaret Stevens, in the upper four grades, comes to us with three years of teaching experience in similar schools in Maine. She has had University and Normal School training. The teacher in the lower grades, Miss Mary Richardson of Milford, graduated from Keene Normal School in 1926 and taught last year in Antrim.

Teachers whose work is satisfactory and who fit into the community should be given every encouragement possible to accept re-election. Such encouragement may well take the form of a nominal increase in salary together with an additional increase provided professional improvement is undertaken and carried through either by worthwhile correspondence courses or summer school attendance, preferably the latter. Another inducement, which many times seems more valuable to

teachers than money, is whole-hearted interest and support given by parents and citizens. Many a teacher has become discouraged and thus failed to render her best service because of lack of support. A simple and effective way to learn about your schools and teachers is to visit them and ask questions. Why not do it at once? You will be most welcome.

### **Buildings, Grounds, and Equipment**

The improvements to the Village Building begun in 1926 have been continued so that now, in addition to the improved heating and natural lighting, electric lights have been installed with suitable fixtures for lighting the entire rooms for pupils' use on dark days or for evening meetings. Each teacher's desk has a lamp on a separate switch, which will economize in current used. If a stereopticon could be purchased, its use would be very valuable for instructional purposes for the children as well as for community use at other times.

The painting program started a year ago will be completed this spring so that the entire building will be in excellent condition, both inside and out.

Further improvements to be considered are the purchase and installation of playground equipment, more slate blackboards with tackboard above, and chemical toilets.

Sufficient funds have been available so that books, maps, reference books, and other supplementary material are now ample in quantity and quality. A moderate expenditure year by year will take care of replacements and additions. This should be done, however, each year in order to have no accumulated expenditure in one year.

### **Transportation**

This subject is an important one in Mont Vernon due to the widely scattered houses of pupils. The laws

of New Hampshire regarding transportation state that "The district shall furnish transportation to all pupils below the ninth grade who live more than two miles from the school to which they are assigned; but when it shall appear the children live in homes so remote from schools or regular school transportation routes that the cost of transportation would constitute an unreasonable expense, the school board may, at the expense of the district, board the child near a public school; provided, that the parent or guardian may appeal to the commissioner with proposals for transportation by himself or by another, or with other solutions, and the order of the commissioner shall be final." This law is found in the Laws of New Hampshire relating to Public Schools and the Welfare of Children on page 24, paragraph 3, or in Chapter 117:6 of the New Hampshire Laws.

Allotment of state aid for schools considers under the item of transportation only expenditures for conveying pupils who live two miles or more from school. Since some families in Mont Vernon live so near this distance that it has been difficult to know just who is entitled to transportation, the School Board last December engaged a surveyor, Mr. Clarence Russell of Brookline, to measure various distances. His report in writing gave the following results:

Mont Vernon, December 1, 1927.

#### Measurements Taken for the School Board

"Starting from the Schoolhouse east to R. C. Mason place, 1,000 ft. to Clubhouse, 2,000 ft. to Grand Garage, 2,360 ft. to junction of roads, 6,100 ft. to Conant place, 9,600 ft. to R. C. Mason's place, "Orchard Farm", plus the driveway to building 310 ft. equals 9,910 ft., 9,800 ft. to Gourdy place, 10,560 ft. or two miles. Plus 75 ft. to intersection of walls on the west side of Orchard Farm Road.

### Francestown, Turnpike Road

Starting from the Schoolhouse, 2,000 ft. to junction of Francestown and New Boston Roads. 7,400 ft. to the Powers' place. 9,200 ft. to well at White place. 10,560 ft. or 2 miles (left a mark) half way between telephone poles No. 59 and 60.

From Schoolhouse to road on the right 9,200 ft. 800 ft. to building, equals 10,000 ft.

Beginning at the Horton Place, measuring towards the schoolhouse, 2,500 ft. to road leading to the Lamson place. 3,000 ft. to the Brown Place. 4,000 ft. to the intersection of the New Boston Road, 8,500 ft. to Turnpike road. 2,000 ft. to the schoolhouse, making 10,500 ft. or 60 ft. short of 2 miles.

Starting from the Schoolhouse south, measuring 5,400 ft. to intersection of roads, went west on the Wilton road. 6,000 ft. to Morgan place. 7,000 ft. near junction of roads. 8,000 ft. W. E. Trow place. 9,000 ft. to road on the right. 9,400 ft. to Arthur Trow's place. 10,560 ft. or 2 miles about 110 ft. beyond the intersection of roads near Isola place.

Clarence R. Russell, Surveyor,  
Brookline, N. H.

### Supplementary Measurements Made By George D. Kittredge

Morgan place to 5 corners beyond Carleton place	2,650 ft.
5 corners to Wilson house	2,550 ft.
Wilson house to road left to Isola	2,050 ft.
Isola to Johnson house via driveway	2,400 ft.

It might be well for the annual district meeting to discuss this subject and decide whether money shall be raised to transport all pupils or whether it is the wish of

the District that the School Board shall arrange transportation only as the law requires.

### **National Education Association and Professional Improvement**

There are many ways in which school men and school women may improve themselves as professional workers. Some of these are almost automatically provided for them. Others they must seek themselves. By the former reference is made to teachers' institutes which are conducted throughout New Hampshire each year by the State Board of Education, and to conventions, which are meetings of professional organizations. Teachers have a right by law to attend institutes and with almost no exceptions are permitted by School Boards to attend conventions. At these meetings two kinds of programs are usually offered. First, general and inspirational talks by prominent worthwhile speakers, and, second, what are commonly called sectional meetings at which various subjects of school studies and methods of teaching the same are considered. One of the noteworthy and important meetings to be held in this part of the country recently is that of the Department of Superintendence of the National Education Association held at Boston, February 25 to March 1, 1928. The foremost educators of the country, leaders in their several special branches, appeared on the program, the general theme of which was the work of the secondary school. An important and interesting feature of the meeting was the elaborate exhibit of school books, supplies, and devices and the demonstration of school work by groups of school pupils. In order that every teacher in this Union might be able to attend this meeting the February vacation was fixed so that no school would be in session at any time during the week's meeting. Many of the teachers in this Union availed themselves of this rare opportunity.

### REPORT OF SCHOOL NURSE

---

To Harold C. Bates, Superintendent of Schools:

The following is the report of health work in the Mont Vernon schools, it being the tenth year of this work.

The usual medical inspection was carried on this fall by Dr. Oscar Burns, the nurse assisting. The eyes and ears were examined at the same time. Four pupils were found to have defective vision.

We have been unfortunate in having a mild outbreak of whooping cough. Since the entire school has been exposed it was not deemed necessary to close the school.

There is an earnest spirit of cooperation among the parents, and it is probable than many of the physical handicaps will be corrected. Last year's report as compared with this year's shows a decrease in the condition of hypertrophied tonsils.

Dr. Burns' report gives a tabulated account of the physical defects.

Respectfully submitted,

EMMA L. SMITH, R. N.

February 16, 1928.
